DIARY NOTES

10 July 1959

DD/S

[REDACTED]

1. [REDACTED] reported that she had met with Jim Garrison and believed that they were properly coordinated on the management survey of the Office of Logistics. Al [REDACTED] was designated as her official point of contact.

2. [REDACTED] telephoned to say that he would be ready very shortly to submit his recommendation on the retirement plan for Project [REDACTED]. I gathered that he would recommend the plan be approved without change.

3. [REDACTED] Chief of the [REDACTED] Station, was in to see me for a few minutes. He was well pleased with the support of the [REDACTED] Station and was very high in his praise for [REDACTED].

4. I told [REDACTED] to discuss the "financial management improvement" paper with [REDACTED] and if he had any serious objection to it I would be glad to talk to them before it was officially proposed for publication.

\*\*\*\*\*

5. I interviewed [REDACTED] who has been nominated by Matt Baird to be the new Chief of the Assessment and Evaluation Staff. He has a Ph.D. in psychology, coupled with six years of operational experience in [REDACTED], and appears to be well qualified to take over this job, for the present at least. I have, therefore, advised Matt that I would approve of this appointment. (The Inspector General recommended that he succeed Dr. [REDACTED])

6. I agreed with [REDACTED] that we should send [REDACTED] to [REDACTED] to replace [REDACTED] and select someone else to go to [REDACTED]
